See photos on the next page for some of the prizes

Hamilton West School PTA Fundraising for the School Pool Project

Hamilton West School is one of only a few schools in the Hamilton area that are fortunate enough to have a school pool. However it is costly to maintain and for this reason the PTA is fundraising to help retain this valuable school resource.

This term the PTA are running a Christmas Raffle as illustrated above. The funds raised will go directly to the school PTA for the purchase of pool items or resources such as a sun-shade, seating and learn to swim equipment.

New Zealand has a high rate of drowning and helping to provide the opportunity to learn to swim at school is free and life saving. Your support in helping us to maintain and retain this precious resource is very much appreciated.

Please help us thank and support our sponsors for this project
